

## **ACADEMIC ACHIEVEMENTS SESSION : 2019-2020**

Competitions and activities, organised in the school, offer opportunities for students to learn the values of teamwork individual and group responsibility and the essence of culture and community. Extra curricular activities provide a channel for reinforcing the lessons learnt in the classroom in a real-world context and are thus considered as integral part of a well-rounded education. Realising this opportunity provided to students to take part in a number of activities and competitions both intra and inter school. In the history of Sanskriti Srijan Academy, we organised various competitions and activities by taking other school students like Inter-School Science Quiz Competition in which various students from other school took part and enjoyed the program. Throughout the year we organised essay competition, wealth out of waste competition and extra activities which enhances a sense of responsibility towards the society. The summer camp which organised from 15th May till 30th May was the great initiative which took our children at a new height. It brought a lot of changes in their personality as well as in their behaviour. They learnt new things and inculcate all that in their real life.

Among the celebrations marked with total environment and a great pomp and joy what the Environment day, Van Mahotsav Dussehra Gandhi Jayanti and many more independence day was celebrated with the colour with a new event that which was marked in the history of Sanskriti Srijan Academy and that the senior students got the responsibility to lead the junior students in a disciplined way and the result was fruitful. Now every junior student is having a dream to become a head boy or head girl of the school and due to which he she is trying continuously to develop in all the fields so that he got the opportunity to become a head boy or head girl.

The School Management Committee and Parents-Teachers Association try to co-ordinate with all the activities of the school by creating a direct contact with the parents through various meetings held time-to-time at the school campus in order to give and take reviews from parents so that all the shortcomings can be overcome.
