SANSKRITI SRIJAN ACADEMY
PRAYAGRAJ

CURRICULUM

Sanskriti Srijan Academy delivers a dynamic and evolved educational programme that encourages each student to achieve his or her highest potential. We believe in providing a rich and unique environment that combines the best of human values.

Evaluation is the most tangible source of student performance. The school strictly adheres to a policy in which academics, co-curricular activities, attitudes & values are given equal importance and are assessed using various tools and techniques.

Educational tours and excursions are regularly organised for the students within the city to ensure that out of the classroom learning happens.

Our curriculum aims at building the correct attitude towards teachers, parents, peers and the environment, inculcating values that remain consistent. Value Education and Indian culture are thus an integral part of our system that is not confined merely to the classroom.

We work towards developing different life skills at all stages in a child's life, like study skills, leadership & presentation skills, effective communication skills, problem solving skills, social skills, emotional skills, thinking skills etc. In this regard, regular workshops and activities are conducted .Value Education & Life Skills are an integral part of our system that is not confined merely to the classroom.
